Geometry Seminar

Covering tricks and its applications

Professor Zhijie Chen

East China Normal University

Abstract

We will explain how double and triple coverings are constructed and what about the canonical resolution of the singular points in the obtained surface. Some applications of covering tricks are presented as well.

Date: February 5, 2004 (Thursday)

Time: 4:00 – 5:00pm

Place: Room 517, Meng Wah Complex

All are welcome
