Hong Kong Geometry Colloquium

February 28, 2004 (Saturday)

Room 517, Meng Wah Complex, HKU

10:00 – 11:00am **Professor M.S. Narasimhan**
Tata Institute of Fundamental Research, Mumbai, India
Principal bundles in Algebraic Geometry

11:00 – 11:20am *Tea Break*

11:20 – 12:20pm **Professor Wing-Keung To**
National University of Singapore, Singapore
 L^2 metrics, projective flatness and families of polarized abelian varieties

This meeting is hosted by the Institute of Mathematical Research, HKU.
Abstracts are posted on our website <<http://www.hku.hk/math>>.

All are Welcome
