

Hong Kong Geometry Colloquium

November 1, 2003 (Saturday)

Room 517, Meng Wah Complex, HKU

10:00 - 11:00am

Professor I-Hsun Tsai

National Taiwan University, Taipei

Algebraic heat operators associated to the determinant bundle

11:00 - 11:20am

Tea Break

11:20 - 12:20pm

Professor Viktor Ginzburg

University of California, Santa Cruz

Existence and non-existence of periodic orbits of Hamiltonian systems

This meeting is hosted by the Institute of Mathematical Research, HKU. Abstracts are posted on our website http://www.hku.hk/math.

All are Welcome
