Hong Kong Geometry Colloquium
April 22, 2017 (Saturday)
Room 210, Run Run Shaw Bldg., HKU

Professor Gongxiang Liu

Nanjing University, China

Some developments of quasi-Hopf algebras

10:00 – 11:00am

We will give an overview of recent developments of quasi-Hopf algebras, in particular about their classifications. Some problems will be posed.

11:00 – 11:20am   *Tea Break*

Professor Diming Lu

Zhejiang University, China

Artin-Schelter regular algebras

11:20am – 12:20pm

This is a survey of classification results of Artin-Schelter regular algebras.

This meeting is hosted by the Institute of Mathematical Research, HKU.

All are Welcome
